## DESIGN PROCESS OVERVIEW

We believe your interests are best served by a collaborative process that involves all your stake holders.

- ① We start with strategy!
- ② Next, we get tactical and process logistics.
- ③ Then, and only then, does form follow function.

We use sketches, CAD programs, and the latest Lighting and Audio Design Tools to develop the concept from good, to great, to perfect.

There's no limit to what good design and attention to detail can do. But we can only do it with your help. Good design is collaboration, and we are looking forward to working with you.
